

City Of Fitchburg Planting Guide

Volcano Phlox

We understand planting flowers at the gravesite is an important part of honoring your loved one. We have established rules and guidelines to assist you in determining what you may plant at your loved one's gravesite. These rules are in place to continue the well maintained appearance of the cemetery grounds. Pictured here are suggestions for flowers and plants. To further assist you, please see the Cemetery Rules and Regulations.

Jaquelyn R. Poirier
Superintendent of Cemeteries

The following is a list of perennials which are suitable for cemetery plantings.

Please note:

Each of these species has many varieties. Please select a variety which will reach a maximum width of 12" or less to ensure that the planting stays within the allotted planting area. Information which accompanies the plant at time of purchase will indicate the maximum size upon the plant's maturity. Please consult a local gardener or call the Cemetery Department at 978.345.9578 if you have any questions or concerns.
